Win \$10,000, \$5,000 or \$3,000

Save this ad!

- Contest open to herds & residents of USA only.
- Must feed Immu-Pro 0.50 oz./lact. cow AM from AlphaGenetics Inc. min. 120 continuous days.
- Must start Immu-Pro by **8-15-2023**. ★★ ★
- The three lowest herds' SCC average for Nov. 2023 under 50,000 SCC will win:

★ \$5000 1st Place ★

★ \$3000 2nd Place ★

★ \$1000 3rd Place ★

If most improved herd also lowest overall, ★ wins \$10,000!!! ★

- ★ 5. Also, (3) most improved herds will win \$2,000, ★ \$1,000 ★ \$500. Even if all over 100k by 11-30-23. Just have your dairy e-mail current SCC average to staff@alphageneticsinc.com. Call for details.

All herds on Immu-Pro will benefit from our 49 year mission to improve every herd (especially yours), milk quality (SCC, F, P) while improving immune systems, herd health, conception and profitability.

A 200-cow herd on Immu-Pro gains approx. \$6000/month or about \$72,000 more profit/year. (\$1 extra profit/lact. cow/day).

Alpha Genetics supports U.S.A. Dairy Farmers and milk promotions. Have some fun and let's get after it. Enter now by ordering today. For fast ordering or more information, call 920-650-1631. Three of the last four world record milk production cows and world's highest known herd avg. on Immu-Pro. **Let's have June is Dairy Month all year!**

Dairy farmers: aim for 50K SCC, earlier, stronger heats and higher conception, more milk, higher F% & P% and about an extra \$1 profit/cow/day by feeding 0.50 oz. Immu-Pro every morning.

Immu-Pro: Healthier cows produce more higher-quality milk.

A 200-cow herd decreasing SCC 200 to 50 SCC will gain approximately 200,000 lbs. milk/year!

Linear Score	SCC	Ibs. Milk loss (per 2 yr. old lactation)	Ibs. Milk loss (per mature cow lactation)
2	50k	0	0
3	100k	200	400
